## SUMMARY

---

Enthusiastic and detail-oriented fresher in Full Stack Development with strong skills in HTML, CSS, JavaScript, basics on Node.js, and database management. Eager to apply academic knowledge and project experience to build dynamic, user-friendly web applications. Known for quick learning, problem-solving, and a collaborative approach to achieving project goals

## EDUCATION

---

**Er. Perumal Manimekalai College of Engineering,** 06/2022 – 05/2026  
*Bachelor in Computer Science and Business System* Hosur, TN  
7.94 CGPA

**Government Model Hr Sec School, HSE** 06/2020 – 05/2022  
58% Krishnagiri, TN

**Government Model Hr Sec School, SSLC** 06/2019 – 05/2020  
66% Krishnagiri, TN

## SKILLS

---

- **Frontend:** HTML5, CSS3, JavaScript, React.js, Tailwind CSS, Responsive Web Design
- **Backend:** Node.js, Express.js, RESTful APIs
- **Database:** MySQL, MongoDB, Mongoose
- **Authentication:** JWT, bcrypt.js
- **API & Deployment:** Postman, Vercel
- **Development & Version Control:** Visual Studio Code, Git, GitHub
- **AI Development Tools:** Cursor, OpenCode, Claude, Github Copilot, Gemini, Bolt.new
- **Other Tools:** Figma, Canva, MS Excel, MS Word
- **Basics in UI/UX**

## CERTIFICATES

---

• **Paper Presentation — ICCII 2026, Velammal Institute of Technology, Chennai**  
NUMERA: AI-Powered Mathematical Reasoning and Visualization Engine with External Knowledge

• **Certificate of Participation — Bridging Innovations in Computer Science and Business Systems**  
*Er. Perumal Manimekalai College of Engineering, Hosur, April 2025*

• **Full Stack Web Development**  
Techbeeshiva

## PROJECTS

---

**Student Management System, Full Stack Development Project**

- Technologies:** HTML, CSS, JavaScript, React.js, Node.js, Express.js, MySQL
- Developed a full-stack Student Management System to manage student records.
  - Implemented CRUD operations using Node.js, Express.js, and MySQL for efficient data management.
  - Designed a responsive user interface using HTML, CSS, JavaScript, and React.js.
  - Built RESTful APIs and implemented secure authentication to ensure controlled access and data integrity.

**NUMERA, *AI-Integrated Full Stack Project***

**Technologies:** React.js, Node.js, Express.js, LLM APIs

- Developed an AI-powered mathematics learning platform that provides structured, step-by-step problem-solving guidance.
- Integrated LLM APIs to generate intelligent and context-aware responses to student queries.
- Built a responsive React.js frontend for interacting with the AI learning system.
- Developed Node.js and Express.js backend services to connect the application interface with the AI layer.

**Hospital Management System, *Full Stack Development Project***

**Technologies:** Node.js, Express.js, MySQL

- Developed a Hospital Management System to manage patient records, appointments, and billing information.
- Designed a normalized MySQL database schema to organize and maintain hospital data efficiently.
- Implemented RESTful APIs using Node.js and Express.js for patient, appointment, and billing modules.
- Structured backend services into separate modules to improve maintainability and data management.

**RoutineRise-Full Stack Routine & Productivity Tracker, *Full Stack Development Project***

**Technologies:** React.js, Tailwind CSS, Node.js, Express.js, MongoDB, Mongoose, JWT, Recharts

- Developed a full-stack web application to plan, track, and analyze daily routines, goals, and personal productivity.
- Implemented user authentication using JWT and bcrypt.js with secure access to user-specific routine and goal data.
- Built routine tracking, goal management, notes, streak tracking, and calendar planning features with a responsive React.js interface.
- Integrated performance analytics and interactive charts using Recharts to visualize routine completion, progress, and productivity insights.

**INTERNSHIP**

---

**Techbeeshive, *Full Stack developer***

12/2025 – 03/2026

Developed and optimized full-stack web applications during the internship at TechBeeShive, gaining practical experience in modern web development. Worked on responsive user interfaces and backend services while integrating APIs and database functionality. Contributed to application deployment and collaborated with team members following Agile development workflows. Strengthened problem-solving, debugging, teamwork, and full-stack development skills through hands-on project experience.

Krishnagiri ,TN

**Popular System**

06/2025 – 07/2025

Gained experience and knowledge on both hardware and software automation

Coimbatore, TN

**LANGUAGES**

---

- **Tamil:** Native
- **English:** Professional Working Proficiency
- **Telugu:** Conversational
